Explanation of Responses:

- As indicated in the Form 4 filed on April 5, 2022 that reported shares received by the reporting person in connection with the Merger (as defined in such Form 4), the number of shares withheld for taxes upon the vesting of certain restricted share units and restricted stock in connection with the Merger was estimated in such filing because final tax withholding information was not available at the time. This amendment is being filed to report the final number of shares that were withheld for taxes upon the vesting of such restricted share units and restricted stock. The total owned after the withheld shares also reflects three fewer shares that the reporting person received in the Merger than what was previously reported due to a clerical error.
- High/Low average of M&T's common stock on April 1, 2022.
